

ED AVIATION as a company that operates in the field of aeronautics, we are committed to:

- Satisfy the requirements of our clients and exceed their expectations as much as possible, by efficiently carrying out our activities and developing a technological knowledge of the advanced sector to their needs.
- Comply at all times with the legal and regulatory requirements applicable to the activities we develop, and others that the organization subscribes to.
- Maintain mutually beneficial relationships with our suppliers in order to increase the capacity of both to create value.
- Promotion of the economic development of society.
- Continuously improve the effectiveness of our quality management system to get more satisfied customers and a team fully committed to this policy.
